

Corbin Lippert Bio

Corbin Lippert is the Nurse Practitioner for the Urgent TIA Clinic at University Hospital. He completed his Master of Nursing and Nurse Practitioner Certification from the University of Toronto in 2010. He holds dual specialty certification from the Canadian Nurses Association in Neuroscience and Rehabilitation.

Corbin is no stranger to the devastating effects that stroke and acquired brain injury have on individuals and their families, having spent the first 15 years of his career in neurorehabilitation nursing roles in Hamilton, Winnipeg and most recently Parkwood Hospital in London. Corbin truly understands why stroke prevention is so important.
