

MODULE 5: CANADIAN NEUROLOGICAL SCALE (CNS)

Learning Objectives

Upon completion of this module, nurses will be able to:

- Explain why the CNS is a useful tool
- Understand how to perform CNS
- Understand the scoring methods for this assessment
- Describe how and where to document the scores in the chart
- Describe when to communicate results of CNS
- Understand how to use the CNS Quick Reference Sheet

The PowerPoint content for this module, Canadian Neurological Scale: Training for Trainers Workshop, is available on the Heart and Stroke Foundation website. A direct link can be accessed through www.swostroke.ca. Please note, a copy may be printed for personal use only.
