

# TABLE OF CONTENTS

## Orientation Pre-Test (ONLINE ONLY)

- i. Acknowledgements
- ii. Acute Stroke Unit Orientation Introduction
- iii. NursingCore Competencies for Stroke  
(Self Evaluation Template)

## MODULE 1: Pathophysiology of Stroke, Neuroanatomy, and Stroke Syndromes

- 1.1 Classification and Etiology of Stroke:  
Pathophysiology and Anatomy
- 1.2 Brain Anatomy and Blood Supply
- 1.3 Stroke Syndromes
- 1.4 Neuroplasticity

References

Module 1 Quiz

## MODULE 2: Acute Stroke Management

- 2.1 Stroke Unit Care
- 2.2 The Interprofessional Stroke Team: Acute Care
- 2.3 Post-Stroke Complications
- 2.4 Other Effects of Stroke
- 2.5 Discharge Planning and Transition Management

References

Module 2 Quiz

## **MODULE 3: Pre-Hospital Care and Emergency Management**

- 3.1 Stroke Warning Signs and Pre-hospital Care
- 3.2 Acute ASA Therapy
- 3.3 Acute Thrombolytic Therapy
- 3.4 Adverse Effects of tPA
- 3.5 Endovascular Thrombectomy (EVT)
- 3.6 Acute Ischemic Stroke Management
- 3.7 Hemorrhagic Stroke Management

References

Module 3 Quiz

## **MODULE 4: Diagnostics and Assessments**

- 4.1 Acute Care Nursing Assessment
- 4.2 Standardized Neurological Assessments  
(CNS, NIHSS, GCS)
- 4.3 Other Assessments
- 4.4 Investigations

References

Module 4 Quiz

## **MODULE 5: Canadian Neurological Scale (CNS) Training**

CNS Learning Objectives

Canadian Neurological Scale: Training for Trainers Workshop  
(Heart and Stroke Foundation of Ontario)

CNS Stroke Assessment System Reference Sheet

References

Module 5 CNS Quiz

OR

## **MODULE 5: National Institutes of Health Stroke Scale (NIHSS) Training**

NIHSS Learning Objectives

Modified NIH Stroke Scale (mNIHSS)

Supplemental Information

NIHSS Training and Certification Information

Use of the NIH Stroke Scale (Heart and Stroke Foundation of Ontario)

\*note: unable to print in template binder; available online

Module 5 NIHSS Quiz

## **MODULE 6: Swallowing, Nutrition and Oral Care**

6.1 Swallowing Post Stroke: Dysphagia

6.2 Normal Swallow

6.3 Aspiration

6.4 Dysphagia Screening

6.5 Managing Dysphagia and Feeding Your Stroke Patient

6.6 Oral Care

References

Module 6 Quiz

## **MODULE 7: Mobility, Positioning, and Transfers**

7.1 Introduction

7.2 General Principles for Assisting Stroke Survivors

7.3 The Hemiplegic Shoulder

7.4 Positioning the Stroke Survivor

7.5 Mobilizing the Stroke Survivor

7.6 Transferring the Stroke Survivor

References

Module 7 Quiz

## MODULE 8: Secondary Stroke Prevention

- 8.1 Stroke Prevention and Risk Factor Management
  - 8.2 Smoking Cessation
  - 8.3 Blood Pressure Management
  - 8.4 Lipid Management
  - 8.5 Diabetes Management
  - 8.6 Antiplatelet Therapy
  - 8.7 Antithrombotic Therapy for Atrial Fibrillation
  - 8.8 Carotid Intervention
  - 8.9 Concurrent Cardiac Issues
  - 8.10 Pregnancy and Secondary Prevention of Stroke
  - 8.11 Transient Ischemic Attack (TIA)
  - 8.12 Role of Secondary Prevention Clinics
- References
- Module 8 Quiz

## MODULE 9: Cognition, Perception, and Behaviour

- Learning Objectives
- Heart and Stroke Foundation Content: Tips & Tools for Everyday Living
- a. **Cognition**
  - b. **Perception**
  - c. **Stroke and Behaviour Change**
- References
- Module 9 Quiz

## **MODULE 10: Mood and Behaviour Changes**

10.1 What is Depression?

10.2 Depression as a Stroke Risk Factor

10.3 Depression Screening

10.4 Depression Assessment and Management

References

Module 10 Quiz

## **MODULE 11: Sexuality Post-Stroke**

11.1 Human Sexuality

11.2 Effects on Sexuality Post-Stroke

11.3 Discussing Sexuality Post-Stroke

11.4 Sexuality Resources Post-Stroke

Sexuality Patient/Family Information

References

Module 11 Quiz

## **SUPPLEMENTAL MODULES: Hospital/Organization Specific**

- a. Dysphagia Screening Tool
- b. Monitoring
- c. Pharmacology  
Teaching Your Stroke Patient About Their Medication
- d. Hospital – Specific Chart Forms (content will vary for each organization)
- e. Other Resources

Orientation Post-Test (ONLINE ONLY)

Resource Evaluation (ONLINE ONLY)
