

# Role of CSRT Staff in LAS Programming

## CSRT Staff may provide:

- Written referrals to LAS programs to facilitate transition of the stroke survivor (during or at discharge from their CSRT Therapy by PT, OT, SW, Nursing, TRS, and/or SLP).
- General information and may set up a tour/trial of an LAS program. They may also accompany the stroke survivor to assess program fit.
- A warm handoff as stroke survivors transition to a LAS program.
- Discipline-specific discharge recommendations to continue at LAS.
- Encouragement to stroke survivors to continue with day programming to achieve their maximum recovery.

## CSRT Staff will not provide:

- Routine visits to LAS programs.
- Discipline-specific knowledge to LAS staff on a routine basis.
- Progressions specific to the CSRT discharge recommendations.
- Hands-on training to LAS staff.

## Resources:

- SmartTips for Stroke Care ([here](#))
- SWOSN LAS Education Modules ([here](#))
- Supplemental LAS Resources identified by CSRT Staff

If there is a gap in LAS knowledge and/or training, please reach out to the CSRT Manager supporting your program.
